Out From Under

Britney Spears (trans. by L. Auberjeunois)

Piano

Breathe you out
Breathe you in.
You keep

coming back to tell me you're the one who could have been.
And my eyes see it all so clear.

It was long ago and far away, but it never disappears.

Try to put it in the past, hold on to myself and don't look back.
I don't want a dream about all the things that never were, and maybe I can live with out when I'm out from under.
I don't wanna feel the pain. What good would it do me now? I'll get it all figured out when I'm out from under, from under, from under. So let me go just let me fly a way. Let me feel the space between us growing deeper and much deeper every day. Watch me now and I'll be someone new. My heart will be broken. It will open up for everyone but you. Even when I cross the line, it's...
like a lie I've told a thousand times. I don't wanna dream about all the things that never were, maybe I can live with out when I'm out from under. I don't wanna feel the pain. What good would it do me now? I'll get it all figured out when I'm out from under, from under, from under. And part of me still believes when you say you're gonna stick a round. And part of me still be
lies we can find a way to work it out. But I know that we tried every thing we could try so let's just say "good bye" forever. I don't want to dream a
