Gorgeous (Acoustic)

In a perfect world, in another time, in a far off place we

wouldn't need to justify, every thing we are, and all that we believe,

we could finally be who ever we both want to be, when we can't be

heard, where we can't be seen, I will call you close and you will reach for me,

When all of the beauty turns to pain, when all of the mad-
-ness falls like rain, as long as we crash and we collide,

we will be gorgeous, you and I.

Through the window pane, through the bedroom door,

this city wants to fight but it can’t touch us anymore, we have come so far,

we have shed our skin the more that’s taken from us
now, the more we have to give, where we can't be heard, and where we can't be seen, I will call you close and you will reach for me, when all of the beauty turns to pain, when all of the madness falls like rain,
as long as we crash and we collide, we will be gorgeous, you and I and when we are drowning in the noise, I'm gonna stop to find your voice, as long as we crash
Gorgeous

and we collide, we will be gorgeous, you and I.

Oh Yeah,

we'll be gorgeous when we lose our faith,
Gorgeous

_ in all that's beau-ti-ful, _ you lift me to this place_

when all of the beau-ty turns to pain, _ when all of the mad-

- ness falls like rain, _ as long as we crash and we col-li-de,
we will be gorgeous
Yeah and when we are

ing in the noise,
I'm gonna stop to find your voice,

as long as we crash and we collide,
we will be gorgeous,
Yeah we will be gorgeous,
and when I lose my faith,
I don't know what to do,

You lift me to this place and
make me feel so beautiful
as long as you're right

Here by my side,
we will be gorgeous,
yeah, you and I.
