got no defenses to speak of but she will stand here

before you with no pride or prejudice, just steadfast and
certain that she'll land on her own two feet, you'll, you'll think you can
break her cause you think that she’s crazy and weak but her power will de-
fy you when she wears her heart on her sleeve
you, you may condemn me

with your, your bitter words and uncontrollable rage

yeah, yeah, you, you may torment me
cause I don't live my life in your way

but I will stand here before you with no pride or prejudice just

steadfast and certain that I will land on my own two feet, you, you think
Heart On My Sleeve

you can break me, bring my, my head down to my knees but my power will de-

fy you when my heart's on my sleeve
