Right Where It Belongs

Album: With Teeth

Nine Inch Nails
Arr. Melissa Dunphy

are you sure what side you're on?

see the animal in his cage that you built

Right Where It Belongs
bet-ter not look him too close-ly in the eye
are you sure what side of the glass you are on?
see the safe-ty of the life you have built
ev-ery thing where it be-longs
feel the hollowness inside of your heart

and it's all right where it belongs

what if everything around you

isn't quite as it seems
what if all the world you think you know

is an elaborate dream?

and if you look at your reflection

is that all you want it to be?
what if you could look right through the cracks

would you find yourself - find yourself afraid to see?
what if all the world's inside of your head

just creations of your own!
devils and your gods all the living and the dead

and you're really all alone?
you can live in this illusion

you can choose to believe

you keep looking but you can't find the woods

while you're hiding in the trees
what if everything around you
isn't quite as it seems
what if all the world you used you know
is an elaborate dream
