She lives in a fairly tale, Somewhere too far for us to find.
Forgotten the taste and smell, of the world that she's left behind.

It's all about, the exposure the lens I told her.

The angles were all wrong now, She's ripping wings off butterflies.
Keep your feet on the ground

When your head's in the clouds

get your shovel, And we'll dig a deep hole.

To
bury the castle, bury the castle. Well, Go get your shovel And we'll dig a deep hole. To
bury the castle, bury the castle.
Para, Para, Para, Para.

So one day he found her crying, coiled up on the dirty ground.

Her prince finally came to save her, and the rest you can figure out. But
it was a trick, and the clock struck twelve, well make sure.

To build your home brick by boring brick, or the wolf's gonna blow it down

Keep your feet on the ground
When your heads in the clouds

Well, Go

get your shovel

And we’ll dig a deep hole.

To

bury the castle,

bury the castle.

Well, Go
get your shovel, And we'll dig a deep hole.

To

bury the castle Bury the castle Whoa,

Whoa, Whoa,
You build up a world of magic.
Because your real life is tragic.

Well, you build up a world of magic.
not real you can't hold it in your hands, you can't feel with your heart,

And I won't believe it, But If

it's true you can't see with your eyes Even in the dark
And that's there I won't to be ______ yeah. Go _

get you sho - vel, ______ And we'll dig a deep hole. ______ To

bury the cas - tle, ______ bury the cas - tle. Well, Go
