Hearts... are worn... in these... dark ages.
I watch the heavens for my final calling.
You're not alone... in this
Something I can do... to
story's pages. Night has fallen 'mongst the
change what's coming. Stay close to me while the

living and the dying. And I'll try to hold it in, yeah, I'll
sky is falling. I don't try to hold it in. The wanna be left a lone, don't

wanna be a lone. The world is on fire, it's
more than I can handle. Tap into the water, I

try to bring my share. Try to bring more,

more than I can handle. Bring it to the table, I

bring what I am able. bring what I am able.
Hearts break, hearts mend, love still hurts. Visions clash, planes crash,

still there’s talk of saving souls, still the cold is closing in on us.

We part the veil on our killer sun. Stray from the straight line on this short run. The more we take, the
less we be-come. The for-tune of one man means less for some.
world is on fire, it's more than I can handle.

Tap into the water, I try to bring my share.

Try to bring more, more than I can handle. Bring it to the table, I
